

€ CONSTRUCTION €

In the manufacture of this wonderful cart only the very best quality of everything is used. Wheels, Kenney patent, A I grade: axles steel, double collar, size I inch; shafts, best second growth bickery, thoroughly seasoned, XXXX quality. The seat and body frame is constructed of Tsteel side pieces: bottom made of veneered wood, three thicknesses thoroughly vivited to side pieces. The side pieces are connected in front under shafts with a joint, and are supported by mans of two spiral springs, as shown in our. These springs are made from best considered, and twelve feet collect in each, oil ten percent, laminated wood seat bettom; forged iron seat rail; finished in the white; nicely striped, and full leather trimmed. This cart guaranteed in all parts.

-:- CAREFULLY NOTE THESE POINTS .-1. This easy riding cart has no seat bars to climb over in getting in or out of the seat. This makes it desirable for all classes of people
2. It is the only cart that can be adjusted to suit the road and the weight of the rider. Five seconds will produce this

The bottom is solid, in preference to slats so commonly used, which protects driver from dust and mud.

Where other carts have from 2 to 3 foot springs, the Spiral has 24 foot springs, giving more elasticity than any other

It is the lightest draught cart in the market.

It balances perfectly.
It is free from horse motion

A perfect beauty in appearance.

TO HORSEMEN

A Test. - Place 2 or 4 scantlings 8 or 10 feet apart on a road, and then drive over them as tast as your borse can trot r run. We will guarantee that the rider shall not be moved from the seat by such a severe test. Try any other cart

We guarantee the swrings for 5 years. Should they break, we replace them free of charge—also guarantee shafts 12 months. Ask any other manufacturer to give you such a warrantee and see what he will say.

If you are told that other carts have no horse motion, it is only when the horse is standing still, for with such carts you surely got a very unpleasant joking motion, that is entirely avoided with our Spiral Spring cart. We have this cart with double seat only. Always buy a good article.

Latest Novelties Silks, Velvets it City

Our Latest Announcement. in Dress Goods. and Plushes

In order that our Spring Stock for 1888, in all its departments may be the most varied, attractive and tasty of any on this Peninsula, and that our customers may be suited in style, quality and prices, at home (hence avoiding the necessary expense of sending to the cities,) we have bestowed much time and labor upon its selection. It is not only necessary in this age of cultivated tastes, to buy as low as the lowest, but it is also essential to so buy for each department that our customers may find upon our counters the latest and most desirable goods in the market. One of the most popular Dress Fabrica. this season is the all wool Henrietta Cloth. The most desirable shades are Goblin Bine, Grey, Mahogany, Serpents Green, Terra Cotta, Browns and Bright Blues; all these we have and many other desirable goods, which we haven't room to mention in this paper. In Silks we offer a special line of Black Rhadame, Taille Français and Gro. Grain at \$1.25, which we do not believe are surpassed in value anywhere at the price; other Silks at 50, 75 to \$1.00. We cordially invite the people of Accomac and Northampton counties to call and see us.
